

The REP Nighthawk Adjustable Bench pairs a lightweight 40kg, 7- and 14-gauge steel frame with a closed ladder-style adjustment system: seven backrest angles (0°–85°) and four seat angles (–15°–20°). A built-in rubber-padded upright storage post and heavy-duty wheels make vertical storage and moving effortless, while the molded polyurethane pad and knurled handles add competition-grade comfort at the IPF-compliant 42.4cm seat height.
