## PEAK POWER. PEAK PERFORMANCE

Master every workout with the CTSBS900. This commercial-grade powerhouse combines Standard, Sled, and Free mode with an intuitive LED interface. Seamlessly switch between speed and resistance at the touch of a button. Rugged, versatile, and built for the ultimate training challenge.

## 3-IN-1 TRAINING SYSTEM

Standard mode  
incline up to  
**20%**

Free mode  
**SPRINT  
HIIT**

Sled mode  
up to  
**15 Levels**

## MULTIPLE HANDLES

Featuring high, mid, and low grip positions to ensure a natural, biomechanically sound posture across all training modes.

## ENGINEERED SLATS

Structural elasticity replicates the feel of outdoor running. These responsive slats absorb impact naturally while providing cushioning and real-world ground feedback.

## ELITE TRAINING ZONE

Whether enduring powerful sled pushes or high-intensity sprints, the 560 x 1473mm spacious area ensures you can challenge your speed and strength without limits.

## INTUITIVE CONSOLE

A large multi-window LED interface offers direct-access keys for speed, incline, and resistance, providing clear, real-time performance tracking at a glance.

# CTSBS900
